BYRAN HAILED AS EMISSARY WORLD PEACE

Honors Conferred at Birthday Banquet

Praised by His Townsmen

Urges to Attend Celebration, but Ends Grating to His Friends

LINCOLN, Neb., March 19.—Praise for A. J. Bryan, Secretary of the Lincoln League, has been the dominating note in the address tonight at the annual banquet on the occasion of the fifty-fourth anniversary of Mr. Bryan's birth. Determined at Washington by the C. of official business, Mr. Bryan said a letter to be read in which he said he could look with satisfaction at the accomplishments of the first quarter of the century at Democratic administration. President Wilson, he said, had more than justified the highest hopes of the party by the splendid record he has made. The year 12 months, he said, could be recalled with satisfaction and the future viewed with a glance.

The crowd at the banquet was large and representative of the element of the party of the state which has supported the policies of Mr. Bryan. With them were a number of Republicans and members of other parties. Many ladies were present. The dinner was the seventh successive affair held under the auspices of the Lincoln League club. The program of addresses was limited to four speeches by Governor Morehead of Nebraska, Senator Robinson of Arkansas, Senator Cox of Ohio and J. Ash of Kansas.

Dr. E. S. Stagg White, of New York, an instructor at Columbia university, secretary of the New York Lincoln League and chairman of the National Conference on Prison Labor, who is a staunch supporter of the Hughes bill, also has been summoned to tell what he has heard to support charges that an organized lobby is working to defeat the bill.

Dr. E. S. Stagg White, of New York, an instructor at Columbia university, secretary of the New York Lincoln League and chairman of the National Conference on Prison Labor, who is a staunch supporter of the Hughes bill, also has been summoned to tell what he has heard to support charges that an organized lobby is working to defeat the bill.

WUE AND DESOLATION WOULD FOLLOW INTERVENTION OF THE U. S. IN MEXICO

Senator Robinson of Arkansas Recounts Events in Revolution-Torn Republic That Have Led Up to Present Crisis

LINCOLN, Neb., March 19.—Defending the administration of President Wilson, Senator Robinson of Arkansas, Democrat, of Arkansas, addressed friends and neighbors of Mr. Bryan at a dinner tonight to celebrate the fifty-fourth anniversary of the secretary's birth. Senator Robinson recounted the history of "ill-fated" Mexico from the days of Maximilian, asserting that conditions here are worse than ever and that Mexico has continually declined through upheavals until today the country is divided with a junta at the head of one assumed government and Carranza and Villa attempting to reign supreme in another.

Contrasts Leaders. Maximilian was Napoleon. Madero was generous. Huerta is malignant and revengeful. Maximilian was self-sacrificing. Madero was patriotic. Huerta is cruel and avaricious. His character is exemplified in his declaration: "It costs but 50 cents to buy enough rope to hang a rebel."

PRISON LOBBY TO BE INVESTIGATED

CONTRIBUTORS RAISED WITH FUND, URGES

Refers to Hearings Will Be Held Before House at Today's Session

WASHINGTON, March 19.—Allegations that a fund of \$20,000 had been raised in the interest of the Hughes bill to defeat the interstate transportation of convict-made goods, will be investigated tomorrow by the senate lobby committee.

While hearings on the Hughes bill were in progress today before the senate committee, the lobby committee was informed by Senator Hughes that statements had been circulated to the effect that a financial campaign against the measure was in progress. It was said that a fund of \$20,000 had been raised to fight the bill.

Two Subcommittees Issued. Two subcommittees were issued by Senator Hughes' order tonight. One was for Edward Boyer, a Chicago attorney, formerly treasurer of the national conference of charities and convicts, who also has been represented in the capacity of counsel, prison contracting firm. At a recent hearing before the labor committee of the house, Boyer said he was a member in prison work, but that he also was in the employ of a Chicago shoe manufacturing firm, one of the largest prison contracting firms in the country.

Dr. E. S. Stagg White, of New York, an instructor at Columbia university, secretary of the New York Lincoln League and chairman of the National Conference on Prison Labor, who is a staunch supporter of the Hughes bill, also has been summoned to tell what he has heard to support charges that an organized lobby is working to defeat the bill.

SUFFRAGE IS VOTED DOWN IN SENATE, 35-34

Victory Will Any to Renew Issue

Shafroth Offers a Plan

Southern Senators Oppose the Resolution on Account of Negro Question

WASHINGTON, March 19.—Women suffrage advocates today lost their fight in the United States senate for a resolution on proposing an amendment to the federal constitution giving women the ballot.

The vote was 35 for the measure to 34 against it, a two-thirds affirmative vote being required for passage. When it was all over, suffrage advocates pointed to the majority of one as a conclusive proof that their cause had scored a triumph in defeat, and was immeasurably stronger than its opponents had ever been willing to concede.

Today's action, following weeks of debate on the floor of the senate during which many leaders in the suffrage movement pleaded for postponement of the final vote, marked the climax of a spirited campaign launched here the day before the inauguration of President Wilson.

Shafroth Offers New Plan. Immediately after the vote, Senator Shafroth of Colorado sought to introduce a new resolution for a constitutional amendment requiring each state to vote on granting suffrage to women, upon position from 5 per cent of its voters.

The resolution, introduced by Senator Shafroth, was defeated by a vote of 35 to 34.

Substitute Passed. Senator Vandenberg of Michigan, a movement among friends of women suffrage in the south to repeal the constitution which the states are prohibited from adopting the right to vote.

Senator Vandenberg of Michigan, a movement among friends of women suffrage in the south to repeal the constitution which the states are prohibited from adopting the right to vote.

LITERACY TEST IS CLAIMED IN BILL

Wash. Daily Report of Committee

WASHINGTON, March 19.—The Burnett immigration bill, with its literacy test which finally retained, is generally expected to cause President Wilson to veto the measure, was favorably reported today by the senate immigration committee. Various amendments to the bill as it passed the house had been made, but the literacy test clause was unchanged. Of that provision the committee's report said: "The bill contains one provision intended directly to restrict immigration, although said provision also, incidentally, is to a certain extent selective in its operation. The literacy test has been adopted as the best device so far suggested for reducing immigration where it most needs to be reduced. So fully has it been discussed at various times in the past that the committee does not deem it necessary to offer in this report extended comment upon it."

Ideal Law, Says Report. "As now reported," the report added, "it is confidently believed the measure is nearly ideal in its selective, administrative and restrictive features as it is possible to make such a law in advance of experience with the operation of such of its provisions as are absolutely new."

Among the amendments proposed by the senate committee is one that would exclude persons of constitutional psychopathic inferiority, which the public health service urged as a means of excluding from the country those liable to insanity under stress of American life.

SIR EDWARD CARSON, Ulster Unionist, is Regarded as the Leader of the "No" Campaign.

HOME RULE CRISIS HAS BEEN REACHED

Ulster Outlets Imminent and Expected May Be the Result

LONDON, March 20.—(Friday).—Grave events are impending in Ulster, according to the Ulsterist newspapers, and a rumor is current that the government is preparing for the military occupation of the province. There are indications that a crisis has been reached.

A vote of censure on the British government which was moved in the house of commons yesterday by Andrew Bonar Law, leader of the opposition, was rejected 215 to 152.

Four members of the Ulster unionist party, Mr. Law, Mr. Balfour, Mr. Carson and Mr. Carson, were invited to participate in the debate.

There were reports of the threat of a strike by the Ulster unionists, but it was not confirmed.

At the Ulster unionist declaration, Mr. Carson had been called upon to speak in support of the unionist cause.

The Marquis of Londonderry and other Ulster unionists are now in action in Belfast and in action in the north.

BUSH AND PARRY TOUR GOULD RAILROAD SYSTEM

DENVER, March 19.—E. F. Bush, president of the Denver & Rio Grande Western Pacific and Missouri Pacific railroads, with other officials, spent the day in Denver on a tour of the Gould systems to determine the needs of the roads. The information gathered, it is said, will be used in formulating a budget for next year.

The party accompanied by E. L. Brown, vice president of the Denver & Rio Grande and Western Pacific, will leave tonight for Salt Lake City.

2 DEAD, 1 MISSING IN DETROIT BLAZE

Many Made Narrow Escape

When Five-Story Building Was Destroyed

DETROIT, Mich., March 19.—Two bodies have been recovered and a third body is believed to be in the ruins of a five-story brick building at 51-53 Woodbridge street, which was swept by fire today. Two men were injured and two scores of employees, including a number of young women, escaped from the blazing building. The property loss estimated at \$100,000.

BITTER FIGHT EXPECTED ON TOLLS REPEAL

Most Perverting Question That He Come Up During Administration

Close Contest Predicted

President Tells Senator Jones He "Was Skating on Thin Ice" in Speech

WASHINGTON, March 19.—More stubborn than anything that has arisen to stir the tranquility of the Democratic majority since the party came into control of the national government is the opposition to President Wilson's plea for the repeal of the toll-exemption provision for American ships in the Panama canal act.

With the bill almost at hand when the question is to be decided, the unyielding opposition of the Democrats who believe it would be an economic mistake to repeal the policy of the government on the tolls question because more active, and in senate and house the discussion is certain to be the most vigorous that has been precipitated by any issue the Democratic congress has had before it.

No Doubts of Passage. While the president and Democratic members in both houses who will support his position are confident that the repeal will pass by a comfortable majority, few have any idea that the majority will be large.

President Wilson today conferred with Senator Jones of Washington, informing the senator that there was no basis for conclusions he had referred to in a recent speech Wednesday to the effect that the tolls repeal was a "slippery slope."

GIRLS MAY TANGO, BUT NOT AT SCHOOL DANCE

Society's Censor Frowned Upon and Those Who Participated Are Requested to Leave Floor

When is a tango not a tango? This is the question that is perplexing Principal Revoc C. Hill of the High school and which may be settled this afternoon.

Tuesday night at a dance given at the Alhambra hotel by the Senate Literary society, which was attended by Mr. Hill, the tango as an aid to modern education, arrived a severe blow from the principal who rules over nearly 1,000 young people. Several couples who were exhibiting Cevade avenue, Telson street and other versions of this new ballroom exercise, were politely requested by the principal to try something different or to leave the dance floor.

SCHOOL GIRL STRUCK BY MOTORCYCLE AND INJURED

Forced to Walk in Street to School and

Dodges Auto to Collide With Other Machine; Not Badly Hurt

Jumping from the path of a speeding automobile, Grace Ostby, 10 years old, tripped and fell in front of a motorcycle on Nevada avenue near the Lowell school yesterday noon. The machine struck her on the head, inflicting several cuts and bruises, but her injuries are not regarded as serious. The girl is the daughter of Edward Ostby, 1004 South Nevada avenue, and was returning to school for the afternoon session when the accident happened. There are no sidewalks for several blocks at this point, and school children are compelled to walk in the street to and from school. Probably 50 school children were scattered about on the road when an automobile dashed over the brow of the hill. The Ostby child stumbled and, in getting out of the way, fell directly in front of a motorcycle that was being driven in the opposite direction. Ostby, a well-known local girl, was riding the motorcycle and while he does not hold the motorcycle responsible, he voices a strong protest against the condition which does not provide sidewalks. He suggests that children should be taught to look out for themselves.

U. S. WELCOMES MEXICAN PEACE

Will Be Glad to Hear ANY PROPOSAL

Campaign Against Federal Forces in South Still Is Uncertain

WASHINGTON, March 19.—The United States government will welcome a reopening of negotiations with the Huerta government or the Constitutionalists and will be glad to consider any proposal that will tend to draw the various factions together into a plan for the restoration of peace in Mexico.

This is the attitude of President Wilson, as it was revealed today, after reports reached here, saying Senator Portillo y Rojas, minister for foreign affairs in the Huerta cabinet, had gone to meet John Lind, Mr. Wilson's personal representative, to seek a resumption of the peace parleys.

Senator Portillo y Rojas has been mentioned as the man who would succeed Huerta if he retired, and the object of the visit to Mr. Lind, it has been reported, was to acquaint the president's envoy with his personality. Incidentally, the president, in talking with callers today, spoke in complimentary terms of the Mexican minister of foreign affairs as a man of high character.

Wilson Has No Preference. What the president emphasizes in his informal discussions on the Mexican situation is that he, as president of the United States, has never sought to approve or disapprove of individuals who may aspire to the presidency of Mexico, and that he has no list of men whom he holds under a so-called ban, because of alleged complicity in the "revolution" of Madero.

His refusal to recognize Huerta, it may be stated on the highest authority, was not based on any personal antagonism to Huerta, but on the ground that the Constitutionalists would never be reconciled to the man who had overthrown Madero and Sauros, and that government set up by arbitrary force and not reflecting the popular will should not be dealt with by the United States.

Likewise in the consideration of individuals who might seek the recognition of the United States, the president Wilson has been very explicit in his statement that he has no list of men whom he holds under a so-called ban, because of alleged complicity in the "revolution" of Madero.

In considering peace proposals from the Huerta government, the United States, it is known now, will do all it can to forward a peaceful settlement, but the conviction is as strong with the president today as it was when he sent his instructions to John Lind last summer, that peace in Mexico in the last analysis is dependent upon terms that will be acceptable alike to the Constitutionalists and the Huerta administration.

One of the suggestions made to President Wilson lately contemplates the sending of a commission of Americans of prominence to investigate conditions in Mexico. Unofficial reports have had it that both Carranza and Huerta would receive such a commission.

President Wilson is carefully considering the suggestion and has been made originally by Oscar S. Strauss, former ambassador to Turkey, and prominent in the cause of world peace.

YOUNG AT 89, SHE GIVES SECRET OF EFFICIENCY

Mrs. Davenport's Eldest Son Is 70 and Husband 49; Remarkable Woman Tells How to Be Youthful

To be so young looking at the age of 89 that people open their eyes in astonishment on hearing the statement and murmur, "would you believe it?" is the happy lot of Mrs. Charlotte de Gollere Davenport of Vienna, Austria, who arrived at the Antlers yesterday morning for a few days sojourn in the invigorating climate of the Estes Park region. Mrs. Davenport is famous both abroad and in the latter cities of the United States as a writer, student and lecturer, and is at present traveling in the interest of the Vienna Institute of Hygiene. She has been engaged for 62 years and is regarded as one of the most talented and cultured women of the world today.

She is accompanied by her husband, William H. Davenport, a prominent New York newspaper man, who came to Colorado recently to write a series of special articles on the Trinidad strike situation.

Although Mrs. Davenport is here merely for a rest she has consented, at request of several of the prominent society people, to give two lectures on personal hygiene Monday at 8:30 and Tuesday at 8:00. These talks will be given in the parlors of the Antlers and will be free to all those invited.

Talks of Many Things. At the Antlers last night Mrs. Davenport told an interviewer many things. She talked about the suffrage movement, problems that the American democracy must solve for the alleviation of human sufferings, and last, about beauty and the secret of eternal youth.

UNION HEADS TO BE SUED BY COAL COS.

Ask Rody Judge to Reestablish Peace; Lawson Appeals to Washington

TROOPS AGAIN ARE ACTIVE

Prevent Strike; Reestablish Peace; Lawson Appeals to Washington

TRINIDAD, March 19.—Suits alleging conspiracy and claiming \$200,000 in a total sum of nearly \$1,000,000 will be filed during the next few days against the national and district officers of the United Mine Workers of America and all organizers of the union who have taken part in the Colorado coal strike, according to Judge J. W. G. Northcutt, counsel for the coal operators in a state suit tonight. The actions will be instituted in the federal court and in the district court of the third judicial circuit, a suit for the four largest coal companies at the state.

The plaintiffs in the suits will be the Colorado Fuel and Iron company, the Victor-American Fuel company, the Rocky Mountain Fuel company, and the Oakview Coal and Coke company, representing a majority of the coal producers of the state.

Individual Complaints. Individual complaints will be filed by each company. The Colorado Fuel and Iron company will bring suit in T. A. Animas county; the Victor-American company will bring the suit in the federal court of Denver; the Rocky Mountain Fuel company will bring its complaint in Montezuma; the Oakview Coal and Coke company will bring its suit in the federal court of Denver.

The suits will be brought in T. A. Animas county; the Victor-American company will bring the suit in the federal court of Denver; the Rocky Mountain Fuel company will bring its complaint in Montezuma; the Oakview Coal and Coke company will bring its suit in the federal court of Denver.

Damages Aggregating
\$4,000,000

TROOPS AGAIN ARE ACTIVE

Prevent Strikers Reestablishing Tents; I-erson Appeals to Washington

IRINDAD, March 19.—Suits alleging conspiracy and claiming damages in a total sum of nearly \$1,000,000 will be filed during the next few days against the national and district officers of the United Mine Workers of America and all organizers of the union who have taken part in the Colorado coal strike, according to Judge Jesse G. Northcutt, counsel for the coal operators. In a statement to-night, The actions will be instituted in the federal court and in the district court of three counties by attorneys for the four largest coal companies of the state.

The plaintiffs in the suits will be the Colorado Fuel and Iron company, the Victor-American Fuel company, The Rocky Mountain Fuel company,

Individual Complaints.

"The coal produce... are distributed to the strike miners... the high courts and to... resists from... the state and ruin their business... Judge Northcutt tonight... of those who will be named as defendants are property owners and... ures will prove that the... damages is not in excess of the loss incurred by the plaintiffs during this strike"

The Danbury Hattam case will be

Whole Union Affected.
DENVER, March 19.—A suit alleging conspiracy, claiming a million dollars in damages, was filed today in court against the national and state officers of the United Mine Workers of America and all national organizers who have participated in the Colorado coal strike, will be filed tomorrow in the district court at Trinidad by counsel for the Colorado Fuel and Iron company. This is said to be the first of a series of suits planned by the coal companies as vindictive complaints.

All of the suits will be directed against the officers and organizers of the United Mine Workers of America, who have participated or been active

(Continued on Page Two.)

to 89 that people open their eyes to astonishment on hearing the statement and murmur, would you believe it is the happy lot of Mrs. Charlotte de Villiers Davenport of Vienna, Austria, who arrived at the Antlers yesterday morning for a ten-day sojourn in the invigorating climate of the Pike-Peak region. Mrs. Davenport is famous both abroad and in the larger cities of the United States as a writer, student and lecturer and is at present traveling in the interest of the Vienna Institute of Hygiene. She has been engaged in hygienic lecturing and writing for 62 years and is regarded as one of the most talented and cultured women of the world today. She is accompanied by her husband, William H. Davenport, a prominent New York newspaper man who came to Colorado recently to write a series of special articles on the Triplicities of the situation.

Although Mrs. Davenport is here merely for a rest, she has consented at request of several of the prominent society people to give two lectures on personal hygiene. Monday at 8:30 and 1:30 o'clock. These talks will be given in the parlors of the Antlers and will be free to all those inclined.

Talks of Many Things

At the Antlers last night Mrs. Davenport told an interviewer many things. She talked about the suffrage movement, problems that the American democracy must solve for the al-

about beauty and the secret of eternal youth.

She was convincing as she spoke about youth for this wonderful woman of 88 with a youthful appearance, straight, vivacious, and without a single tell-tale wrinkle could count about 50 years from her age and find ready credence. Her step is buoyant, her eyes flash and sparkle with the fire of youth, and her talk is enlivened with quick and forceful gestures, while her enthusiasm, approval, shew upon her face, indicating her intense interest in things.

It gives one a strange sensation to hear this youthful appearing woman declare that she is the mother of 70 children and that her eldest son is 70 years old, but then one is apt to be often astonished in the course of a talk with her. Mrs. Davenport is not a respecter of persons nor of institutions. She says what she thinks and she says it with the conviction of one who knows.

The Secret of Youth.

She has lectured in many countries and in many tongues and once lectured in Colorado Springs about 18 years ago. She could not help referring to the remarkable growth and improvement in this city since her last visit. She declared that the water and air were such here that one could scarcely help being well all the time. And water and

(Continued on page 10.)

SUFFRAGE IS VOTED DOWN IN SENATE, 35-34

(Continued From Page One)

defeated by 48 to 19, and a proposition by Senator Williams to give the ballot to white women only was defeated by 44 to 21.

The vote was preceded by a three-hour kaleidoscopic debate. Senator Martine of New Jersey was the only member who stated he was opposed to woman suffrage on principle. He declared the participation of women in politics had failed to purify the ballot, and that it would be a sad and sorry day for both women and men when they were given the ballot universally. The speeches of suffrage senators, he added, had excited in his mind the wonder if they found objection to the "savior for not choosing six of the apostles from among the women."

Negro Question Brought Up

Senator Gallinger asserted it would be a crime to repeal the fifteenth amendment, even if it were a blunder to have passed it. Senator Townsend insisted it was no blunder to have passed it and added it was not necessary to do justice to the negroes in order to do justice to the women.

Senator Newlands said he was in favor of making this a white man's country as well as to shut out the Japanese as well as the negro, but questioned the propriety of doing that on a woman suffrage proposition.

Mrs. Medill McCormick, chairman of the congressional committee of the National American Woman Suffrage association, issued a statement tonight claiming the majority vote as a victory.

Mrs. McCormick's Statement.

"For the first time in 50 years," she said, "the women of America demonstrated their impression upon the United States senate. It is a sign of the times, and it portends that all womanhood in this country will be emancipated within this generation."

A statement issued by Mrs. Alice Paul, chairman of the Congressional Union for Woman Suffrage, regretted "that the Democratic leaders in charge of the suffrage amendment in the senate allowed the measure to be wrecked for this time being, by forcing it to a premature vote." Mrs. Paul added that the union hoped that in the two or three months remaining before the session closes, congress would reconsider its action.

Senators who voted for the Vardaman resolution proposing repeal of the fifteenth amendment were:

Bryan, Williams, Vardaman, Randall, Lea of Tennessee; Lee of Maryland, Shields, Overman, Smith of South Carolina, Smith of Georgia, West, James, Tillman, Sheppard, Martin, Swanson, Myers, Gore and Reed.

hair line stripes are in favor for this spring.

FARMERS SUE GOVERNMENT

HUTCHINSON, Kan., March 19.—Suit was filed here today on behalf of 110 farmers against the United States for \$270,000. The action is the result of the failure of a government irrigation plant at Deerfield.

NEW YORK.—General Jose M. Hernandez el Morcho arrived here today from Porto Rico, where he was in consultation, it is said, with General Baptista and other Venezuelan leaders.

OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and water to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Remedy." You will get a large bottle for about 60 cents. Everybody uses this old, famous recipe, because one can possibly tell that you darken your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application of two, your hair becomes beautifully dark, thick and glossy and you look years younger.

WOE AND DESOLATION TO FOLLOW INTERVENTION

(Continued From Page One)

ognize no limitation upon its own wrath.

"The policy of our government is justified by conditions in Mexico," Senator Robinson continued. "The spirit of impatience which has prompted some to advocate armed intervention must be restrained. Our experience in the Philippines and the whole history of Mexico, warns us against hasty or inconsiderate action. Intervention means a long period of occupation. It makes certain the sacrifice of thousands of lives. It would array all Mexico against the United States and unite all factions there against our armies."

Powers of Intervention.

"Let those who criticize the policy of 'watchful waiting' anticipate the results of armed intervention. Let them realize the many turbulent years of strife that must follow; the blood that must inevitably flow; the homes that must be made desolate; the almost hopelessness of the problem of bringing order out of chaos and of establishing a stable government in Mexico on principles unfamiliar to her people."

"The character habits and traditions of the Mexican people underlie their present struggle, and confirm the administration's policy to leave Mexico to work out her own salvation. Huerta and Villa must, however, be made to realize the sacredness which other nations attach to human life and poverty. They must be instructed to look for a day when very wrong perpetrated upon a foreigner in Mexico must have restitution."

Tribute to Commissioner.

"We now celebrate the birthday of one who, in many respects, the most remarkable man of our times. During the last 20 years, Mr. Bryan has been the leader of political reforms in the United States. Many of his principles have been written into the law. He has stood for peace, peace at home, peace with all the world. He has sought to raise the standards of diplomacy. Grape juice diplomacy and 'The Battle of Friendship' have been the slogans of those who would mock him. Modest sobriety and universal peace have been his aim."

"Who is foremost in promoting world wide peace? God grant that in time our 'watchful waiting' may be rewarded; that peace and liberty may come to Mexico. If no other way can be found, if in the end our armies must invade Mexico, who will asperse the great commoner for raising his voice in warning against the woe and desolation, the loss and grief which must result? What firebrand will not be brighter, what home will not be made secure by his admonition, what victory will be made less glorious and triumphant by his course?"

U. S. WELCOMES MEXICAN PEACE

(Continued From Page One)

received here today by way of Eagle Pass, Tex., indicating, it is said, that Torreon was still in the hands of the federalists on that date and that the rebel general, Villa, had not closed the railroad.

General Villa telegraphed a friend, today saying: "But all your money, that my forces will capture Torreon by March 31." The recipient found a federal sympathizer who vouched \$1,000 American gold that Villa not only would not make his boast good, but that the federalists would still have Torreon at the end of April.

General Aguirre Benavides telegraphed that his command, the Zaragoza brigade, had joined forces with those of Generals Rosendo Hernandez, Manuel Chao and Maximo Garcia, and that the entire army was slowly approaching Torreon. The telegram was filed at Yermo, south of Escalante, 70 miles north of Torreon. A desert waste separates the two cities.

Benavides added that he had been unable to communicate by wire with General Urbina, operating to the west of the main column, and had sent couriers to him. General Villa is reported at Hermosillo.

It is doubtful if the monoplane which was wrecked in trial flights here can be repaired in time for use at Torreon unless Villa's attack is long delayed.

PRES. PATTERSON RESIGNS

DENVER, March 19.—President Salem G. Patterson of Westminster college, Denver, today tendered his resignation to the executive committee of the board of trustees for the school. The resignation is to become effective June 11, if accepted by the board.

air are two things which go hand in hand with her specialty—beauty. Her special science is hygiene. When one fridges and darkly hints that the secret of youth and beauty is of paramount interest to her visitors often do she talks to them about this younger offspring of the sciences. Thorough knowledge of hygiene and the individual self is the elusive secret of the Fountain of Youth for which the adventurous of ages have sought. Is Mrs. Davenport's cryptic answer.

Is it possible for us all to be in the full flush of youth and power beyond the age of 80? Mrs. Davenport thinks it is. Is there any special preparation that we can eat, any special waters in which we can bathe and so remain

QUICKLY ENDS THE WORST BACKACHE

Makes Kidney Trouble, Blood Disorders and Rheumatic Pains Vanish

It is no longer necessary for any one to suffer with backache, kidney trouble, have disagreeable discharges and urinary disorders, or to be tortured with rheumatism, stiff joints, and its heart-wrenching pains, for the new discovery, Croxone, quickly and surely relieves all such troubles.

Croxone is the most wonderful remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It is entirely different from all other remedies. It is not like anything else ever used for the purpose. It acts on the principle of cleaning out the poisons and removing the cause.

It soaks right in through the walls, membranes and linings, like water in a sponge, neutralizes, dissolves, and makes the kidneys sift out and filter away all the uric acid and poisons from the blood, and leaves the kidneys and urinary organs clean, strong, healthy, and well.

It matters not how long you have suffered, how old you are, or what you have used, the very principle of Croxone is such, that it is practically impossible to take it into the human system without results. There is nothing else on earth like it. It starts to work the minute you take it and relieves you the first time you use it.

If you suffer with pains in your back, and sides, or have any signs of kidney, bladder troubles, or rheumatism, such as puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired, and run down, or bothered with urinary disorders, Croxone will quickly relieve you of your troubles. You can secure a trial package of Croxone at trifling cost from any first-class druggist. All druggists are authorized to personally return the purchase price if it fails in a single case.

H. EDLSON, Prop.

25-27 MIDLAND BLOCK UPSTAIRS

50 KILLED WHEN BOATS COLLIDE

VENICE, March 19.—A torpedo boat today collided with a small passenger steamer which plies between Venice and Lido, a chain of sandy islands separating the lagoon of Venice from the Adriatic, and 50 persons were drowned.

The sharp nose of the torpedo boat went through the stern of the steamer, which sank almost immediately. Although many Americans are visiting Venice at the present time, it is not believed that any were aboard the field service.

Intense excitement prevails because the names of the victims are not yet known.

(CINCINNATI, March 19.—Two battalions of the Ninth Infantry at Port Thomas, Ky., entrained here late today for duty at Laredo, Tex. There were in all about 690 men and 25 officers. The men are equipped for the field service.

CLOGGED NOSTRILS AND STUFFY HEAD OPEN AT ONCE CURES COLDS AND CATARRH

Instantly Clears Air Passages; You Breathe Freely; Dull Headache Goes; Nasty Catarrhal Discharge Stops.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear; by morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

—Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless.

Put your faith—Just once in "Ely's Cream Balm" and your cold or inflamed throat will surely disappear.

The president told callers that at the
 conference, Houston Senator Swanson
 Secretary. However, the
 viewpoint on the subject of roads has
 been developed. With the
 ideas suggested in the conference as a
 basis, members of the senate roads
 committee will continue their efforts
 to modify the Shackleford bill.

WASHINGTON, March 15.—Good roads legislation at this session of Congress was predicted today when it was announced that the bill will be introduced by Mr. Tamm.

In an address to a mass meeting of students, Mr. Tamm asserted that a man of 65 years of age had not outlived his usefulness and was at the zenith of his ability. "When a man is 65," he said, "he is able to recognize the defects of self-interest and self-advancement which have come to him through lack of self-interest and self-advancement. We know so much of us we think we ought to rush in and put the young men and women to avoid the same pitfall."

U. S. WELCOMES MEXICAN PEACE

General Villa telegraphed a friend today saying: "But all your money that my forces will capture Torreon by March 21." The recipient found a federal sympathizer who wanted \$10,000 American gold that Villa not only would not touch but would still have Torreon at the end of April.

OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur properly compounded, brings back the natural color and water to the hair when faded, streaked or gray; stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and expensive.

OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur properly compounded, brings back the natural color and water to the hair when faded, streaked or gray; stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and expensive.

WOE AND DESOLATION TO FOLLOW INTERVENTION

(Continued From Page One)

ognize no limitation upon its own will.

"The policy of our government is justified by conditions in Mexico," Senator Robinson continued. "The spirit of impatience which has prompted some to advocate armed intervention must be restrained. Our sympathies in the Philippines and the whole history of Mexico, warns us against hasty or inconsiderate action. Intervention means a long period of occupation. It makes certain the sacrifice of thousands of lives. It would array all Mexico against the United States and unite all factions there against our armies.

Powers of Intervention.

"Let those who criticize the policy of watchful waiting anticipate the results of armed intervention. Let them realize the many, turbulent years of strife that must follow; the blood that must be made desolate; the almost hopelessness of the problem of bringing order out of chaos and of establishing a stable government in Mexico on principles unfamiliar to her people.

"The character habits and traditions of the Mexican people underlie their present struggle, and confirm the administration's policy to leave Mexico to work out her own salvation. Huerta and Villa must, however, be left to realize the sacredness which other nations have to human life and property. They must be instructed to look for a day when they wrongs perpetrated upon a foreigner in Mexico must have restitution.

Tribute to Congress.

"We now celebrate the birthday of one who in many respects the most remarkable man of our times. During the last 20 years, Mr. Bryan has been the leader of political reform in the United States. Many of his principles have been written into the law. He has stood for peace, peace at home, peace with all the world. He has sought to raise the standards of diplomacy. 'Grape juice diplomacy' and 'The battleship friendship' have been the slogan of those who would mock him. Modest sobriety and universal peace have been his aim.

"Who is foremost in promoting world peace? God grant that in time our watchful waiting may be rewarded; that peace and liberty may come to Mexico. If no other way can be found, if in the end our armies must invade Mexico, who will asperse the great commoner for raising his voice in warning against the war and desolation, the loss and grief which result? What fire will not be made a scourge by his admonition, what victory will be made less glorious and triumphant by his counsel?"

Young at 89, She Gives Secret of Efficiency

(Continued From Page One)

There are two things which go hand in hand with her special beauty—her special science is hygiene. When one fidgets and darts about, the secret of youth and beauty is of paramount interest as her visitors often do she talks to them about this younger offspring of the sciences. Thorough knowledge of hygiene and the individual self is the elusive secret of the Fountain of Youth for which the adventurous of ages have sought, is Mrs. Davenport's cryptic answer.

Is it possible for us all to be in the full flush of youth and power beyond the age of 89? Mrs. Davenport thinks it is. Is there any special preparation that we can set, any special waters in which we can bathe and so remain young?

Mrs. Davenport says "no."

This world authority on hygiene has taught, crowned heads her secret in many lands. She has instructed the czar of Russia, the empress of Germany, the queen of Italy, in the elements of her science, and far more wonderful—she has lived for her science, and now at 89 the proud of 11 children and the wife of a husband 40 years younger than herself, she still welcomes new problems to grapple with and is still imparting her knowledge to others.

Mrs. Davenport talked about beauty, for beauty is part of her subject. She said some hard things about beauty nostrums and beauty doctoring, but many a heart-burn and disappointment would be saved were they but known.

Can't Buy Pink Cheeks?

"American women," she said scornfully, "want to be beautiful without any trouble to themselves. They think that they can buy some secret to rub on their cheeks and the perfect complexion and fresh bloom of youth will be theirs. Bah! Real beauty does not come from the use of cosmetics and

QUICKLY ENDS THE WORST BACKACHE

Makes Kidney Trouble, Bladder Disorders and Rheumatism Pains Vanish

It is no longer necessary for any one to suffer with backache, kidney trouble, have disagreeable bladder and urinary disorders to contend with, or be tortured with rheumatism, stiff joints, and his heart-wrenching pains, for the new discovery, Croxone, quickly and surely relieves all such troubles.

Croxone is the most wonderful remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It is entirely different from all other remedies. It is not like anything else ever used for the purpose. It acts on the principle of cleaning out the poisons and removing the cause.

It soaks right in through the walls, membranes and linings, like water in a sponge, neutralizes, dissolves, and makes the kidneys soft and filter away all the uric acid and poisons from the blood, and leaves the kidneys and urinary organs clean, strong, healthy, and well.

It matters not how long you have suffered, how old you are, or what you have used, the very principle of Croxone is such, that it is practically impossible to take it into the human system without results. There is nothing else on earth like it. It starts to work the minute you take it and relieves you the first time you use it.

If you suffer with pains in your back, or sides, or have any signs of kidney, bladder troubles, or rheumatism, such as puffing swellings under the eyes or in the feet and ankles, or you are nervous, tired, and run down, or bothered with urinary disorders, Croxone will quickly relieve you of your misery. You can secure an original package of Croxone at trifling cost from any first-class druggist. All druggists are authorized to personally return the purchase price if it fails in a single case.

PREP. PATTERSON DESIGNS

DENVER, March 19.—President Salomon G. Patterson of Westminster college, Denver today tendered his resignation to the executive committee of the board of trustees for the school. The resignation is to become effective June 11, if accepted by the board.

SUFFRAGE IS VOTED DOWN IN SENATE, 35-34

(Continued From Page One)

defeated by 48 to 19, and a proposition by Senator Williams to give the ballot to white women only was defeated by 44 to 11.

The vote was preceded by a three-hour kaleidoscopic debate. Senator Martine of New Jersey was the only member who stated he was opposed to women suffrage on principle. He declared the participation of women in politics had failed to purify the ballot, and that it would be a sad and sorry day for both women and men when they were given the ballot universally. The speeches of suffrage senators, he added, had excited in his mind the "devil for not changing side of the sporters from among the women."

Negro Question Bobs Up.

Senator Gallinger asserted it would be a crime to repeat the fifteenth amendment, even if it were a blunder to have passed it. Senator Townsend insisted it was no blunder to have passed it and added it was not necessary to do injustice to the negroes in order to do justice to the women.

Senator Newlands said he was in favor of making this a white man's country as well as to shut out the Japanese as well as the negro, but questioned the propriety of doing that on a woman suffrage proposition.

Mrs. Modell McCormick, chairman of the congressional committee of the National American Woman Suffrage association, issued a strenuous tonight claiming the majority vote as a victory.

Mrs. McCord's Statement.

"For the first time in 50 years," she said, "the women of America demonstrated their impatience upon the United States senate. It is a sign of the times, and it portends that all womanhood in this country will be emancipated within this generation."

A statement issued by Mrs. Alice Paul, chairman of the Congressional Union for Woman Suffrage, regretted that the Democratic leaders in charge of the suffrage amendment in the senate allowed that measure to be wrecked for the time being, by forcing it to a premature vote. Mrs. Paul added that the union hoped that in the two or three months remaining before the session closes, congress would reconsider its action.

Senators who voted for the Vanderman resolution proposing repeal of the fifteenth amendment were: Bryan, Williams, Va. man, Randall, Lea of Tennessee; F. C. of Maryland, Shields, Or. man, South of West, James Tillman, S. C. man, Martin, Swanson, Myers, Gore and Reid.

Don't Be Misled If You Have Lung Trouble

If you have Lung Trouble, do not be misled by reports of discoveries of specific to relieve that affliction. No specific has as yet been found. Eckman's Alternative, however, is a medicine for throat and lung troubles which has been successfully used in many cases. If you are sick it might be wise for you to investigate its merits and its use may be of lasting benefit to you.

Read of this case.

32 Seventh Ave., New York

"Gentlemen—Five years ago last August I was taken to St. Francis Hospital to be treated for Bronchitis and congested lungs. After several weeks' treatment I was advised by the doctor to go to a convalescent sanatorium, but could not be admitted because the doctor at the hospital, after a thorough examination, declared my lungs were in such a bad condition that I was not fit to leave the hospital. I was then sent to a private sanatorium, but after several weeks' treatment I was again advised to go to a convalescent sanatorium, but could not be admitted because the doctor at the hospital, after a thorough examination, declared my lungs were in such a bad condition that I was not fit to leave the hospital. I was then sent to a private sanatorium, but after several weeks' treatment I was again advised to go to a convalescent sanatorium, but could not be admitted because the doctor at the hospital, after a thorough examination, declared my lungs were in such a bad condition that I was not fit to leave the hospital. I was then sent to a private sanatorium, but after several weeks' treatment I was again advised to go to a convalescent sanatorium, but could not be admitted because the doctor at the hospital, after a thorough examination, declared my lungs were in such a bad condition that I was not fit to leave the hospital. I was then sent to a private sanatorium, but after several weeks' treatment I was again advised to go to a convalescent sanatorium, but could not be admitted because the doctor at the hospital, after a thorough examination, declared my lungs were in such a bad condition that I was not fit to leave the hospital. I was then sent to a private sanatorium, but after several weeks' treatment I was again advised to go to a convalescent sanatorium, but could not be admitted because the doctor at the hospital, after a thorough examination, declared my lungs were in such a bad condition that I was not fit to leave the hospital. I was then sent to a private sanatorium, but after several weeks' treatment I was again advised to go to a convalescent sanatorium, but could not be admitted because the doctor at the hospital, after a thorough examination, declared my lungs were in such a bad condition that I was not fit to leave the hospital. I was then sent to a private sanatorium, but after several weeks' treatment I was again advised to go to a convalescent sanatorium, but could not be admitted because the doctor at the hospital, after a thorough examination, declared my lungs were in such a bad condition that I was not fit to leave the hospital. QUIT MEAT WHEN KIDNEYS BOIL

TAKE A STAMP OF HEALTH IF YOU HAVE LIVER OR STOMACH PROBLEMS

No man or woman who eats meat regularly can make a mistake by following a well-known authority. Most forms of kidney disease which excites the kidneys, they become overworked from the strain, get sluggish, and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headache, liver trouble, nervousness, indigestion, sleeplessness, and urinary diseases come from sluggish kidneys.

The moment you feel a dull ache in the kidneys, your back hurts, or if the urine is cloudy, offensive, or if you feel a burning sensation, or if you are attended by a sensation of itching, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys. Also to neutralize the acids in urine so it no longer causes irritation. This ending blood is the best.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent alkali water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

TO IMPROVE ENTRANCE TO MONUMENT VALLEY PARK

The Boulder street entrance to Monument Valley park will be improved with a new concrete approach early this spring. The entrance at Williams street also will be enlarged and improved. A large force of men has already been put to work in the park for the annual spring cleaning, and in addition to this work, Superintendent Lang has ordered a large amount of transplanting done. The weather this spring has been especially favorable for cleaning up work and Lang states that he is further along with this work at present than last year. Mr. Lang took charge of his duties a year ago this month.

NEW PASTOR COMING TO PENTACOSTAL CHURCH

The Rev. Maude F. Widmeyer has resigned as pastor of the Pentacostal Church of the Nazarene and will be succeeded by the Rev. J. M. Cole of Welds, Kan., who arrived here yesterday. Since Mrs. Widmeyer's resignation, service has been in charge of the Rev. C. B. Widmeyer, district superintendent. The church was organized in this city in August, 1911, by Dr. P. F. Breece, general superintendent of Los Angeles. The new pastor will preach his first sermon Sunday.

SPRING CLIMATE BEATS WORLD, BECAUSE GREEN

Traveler Who Has Visited Every Continent Finds It Hard to Make Their Heads Here

R. Green, a wealthy mining man of Washington state, for 20 years a traveler of the world, and familiar with every climate in America at least, is highly enthusiastic over Colorado Springs and declares that it has the best year-round climate on the continent. Mr. Green has been in this city at all seasons, having visited here many times, and says the climate is unsurpassed. Only yesterday he wrote to his wife, urging a nephew to come to this city to live. Green says that the men or women who "cannot live" and "cannot live" should always be the first treatment given. Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 30-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeiters sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company." Adv.

Spring 'Open' Year Round Railroad Advises Tourists

In order to further simplify the information that all hotels and drives in Colorado Springs are open during the winter as well as in summer, and to further correct an erroneous impression on the Pacific coast that such is not the case, the Rock Island railroad through its passenger traffic manager, L. M. Allen, has sent a special bulletin to all its agents and representatives asking that they do all in their power to disseminate the true condition of affairs in regard to the matter, from time to time there has come to the attention of local people, the information that many tourists from the west have decided against coming to Colorado Springs because they supposed hotels and most resorts were closed in the winter season. The special bulletin to all of the Rock Island offices should do much to correct the erroneous idea.

COLLEGE STUDENT GETS WEST POINT APPOINTMENT

Eugene C. Allen, a senior at Colorado college, has received notice from the United States War Department to the United States Military Academy at West Point, Colo. Allen is a member of the Phi Kappa Phi honor society and is a member of the Phi Kappa Phi honor society. He is a member of the Phi Kappa Phi honor society. He is a member of the Phi Kappa Phi honor society.

Mumps Wreaks Trouble

Big Relief in Postponing

The parotid glands of the militiamen who recently returned home from the Trinidad strike zone have gone on a strike all their own, and as a result, the soldiers are suffering with an epidemic of mumps. One of those afflicted is Capt. Hildreth, who is quite seriously ill at his home in the city. The militiamen have all been more or less exposed to the disease and several of the company have contracted it. On account of the sickness of the soldiers, the proposed banquet in their honor has been postponed indefinitely, and the probability is that it will not be held.

Young Engineers Off on Inspection Trip

Thirty-five young engineers from that department at Colorado college left yesterday morning for a four-day inspection trip through southern Colorado. They were in charge of professors Martin and Thomas and will visit the steel mills and smelters at Pueblo, the Royal Gorge, coal mines and other points of interest from an instructive standpoint. This is the annual trip of the school in which the upper classmen take part.

Sells Expects Many Tourists This Year

C. W. Sells, president and general manager of the Pikes Peak Cog road, returned yesterday from an extended business trip in the east and west, during which he visited many of the convention committees of the Elks lodge. He found that large numbers of the order are coming to Colorado for the convention in July and that the majority of these will visit the Pikes Peak region. He signed up a large number of parties to take the Pikes Peak trip while in the region. Railroad men also told him that the travel to Colorado would be heavy this summer.

A. J. BENDLE MARRIED

News of the marriage of A. J. Bendle of Miami, Fla., formerly a prominent real estate operator and clubman of this city, has been received by friends at the Acadia. Bendle left Colorado Springs some years ago for Florida where he hoped to benefit his health, and recent reports state that he is much improved. His bride was Miss Lena Mae Shields of Miami.

POLICE KILL MAD DOG

A mad dog that has terrorized residents of the West side "at Wednesday, was killed by the police yesterday. The animal was destroyed near the Van Buren property after a chase lasting more than an hour.

FRUIT LAXATIVE FOR SICK CHILD

"California Syrup of Figs" can't harm tender stomachs, liver, bowels

Every mother real "after giving her children" "California Syrup of Figs" that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping. When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this "Fruit Laxative" and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhea, indigestion, colic, croup, cough, a good "Fruit Laxative" should always be the first treatment given. Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 30-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeiters sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company." Adv.

TEACHERS AND PARENTS WILL MEET IN MANITOU

Annual Session in Interest of Educational Work to Be Held at High School Building

The annual meeting of the Teachers, Directors and Parents association of Manitou school district will be held in the high school building at Manitou tonight and tomorrow morning and afternoon. Superintendent C. M. Bernard will give the principal address tonight. The object of the association is the betterment of conditions in school life and the establishment of closer relations between the parents and teachers in educational work. The program for tonight and tomorrow is as follows:

Orchestra. Manitou Eighth Grade Music. (Miss Alice Reno, Teacher) Address. "What is Education?" Supt. C. M. Bernard. T-dies quartet. Orchestra.

Teachers 9 a. m.

Music. Manitou Sixth and Seventh Grades. (Miss Amy Reno, Teacher)

IT'S JOURNALISTS' NOW TO BECOME NEWS WRITERS

H. S. Rogers Talks of Newspaper Game Before Colorado College. Chief of Journalism

Colorado college has recently established a school of journalism, as there seemed to be a demand for something of the sort, and Miss Helen O. Mahin was placed in charge of the classes. Miss Mahin is from Indianapolis, Indiana, and is said to be well qualified to conduct the work. The class meets at 10:30 o'clock Tuesday and Thursday mornings. About 30 students are taking the course, some half dozen of whom hope to enter the newspaper field. The others are taking it to fill up hours or to gain a better understanding of newspaper making. Miss Mahin has arranged to have a series of practical talks by practical newspaper men and women as a part of the work of the course, and a number of local and Denver newspaper workers have accepted invitations to address the class. The first of these talks was given yesterday morning by H. S. Rogers, a well-known newspaper man of this city. His theme was on the qualifications of a young person to enter the business, how to get in, the construction of the modern newspaper article, how to build headlines, the "dog's" that one meets with in newspaper writing and editing. The talk was interlarded with amusing incidents of newspaper work to illustrate the points which the speaker wished to emphasize.

DENVER UNIVERSITY BEATS COLLEGE OPERATING TEAM

The string of crushing victories of Colorado college over Denver university was broken last night, when by a vote of two to one, the orators from the Methodist school were awarded the decision over the college team. It was one of the finest debates ever heard, said Assistant United States District Attorney Harry E. Kelley, over the telephone from Denver last night. "The young men are certainly a credit to their respective institutions," Mr. Kelley was one of the judges. The other judges were Judge J. J. O'Connell and Judge J. J. Garriague. The Colorado college team consisted of James H. Hill, captain; C. W. Taylor, Ralph Hall and Reginald M. Atwater, manager. The Denver team consisted of Holbrook Worthing, captain; Leslie Tuck and Ralph Brown.

Japanese Students Starred in Pail-Pan

Japanese students staged last night the annual pail-pan at Colorado college in their presentation of native games, music and poetry. M. Kikuyu, a senior student, read an original Japanese poem, entitled "Dedication to Colorado," which he translated into English. K. Sasano, a junior, gave an exhibition of the kumbaru, Japanese sword play, in which four parts of an oriental myth were enacted. H. Tamayo, a student from Venezuela, gave a chalk talk in which several members of the faculty were caricatured. Music, a short play depicting life in Hagerman hall and refreshments made up the affair. More than 500 students attended. The program was given in Cogswell theater and the refreshments were served in Bemis hall.

Will Tell of Ruined Cities in Asia Minor

An interesting lecture by Prof. David M. Robinson of Johns Hopkins university will be given under the auspices of the Colorado Springs Archaeological society, in Perkins hall, Tuesday evening, March 24, at 8 o'clock. The lecturer will speak on "Ruined Cities of Asia Minor," and the lecture will be illustrated by numerous stereoscopic views taken by Professor Robinson himself in connection with his explorations and excavations. The places considered in the lecture are Laodicea, Hierapolis, Sardis, Pergamum, Smyrna, Ephesus, Priene and Miletus. Many of these places are of interest as associated with the seven churches of Asia Minor which were prominent in the early days of the Christian church, and monuments bearing on this early history will be shown and described. The lecture will be open to the public without charge.

Adopts Resolution Protesting Banquet

At a meeting of the Federated Trades council last night, the following resolution, protesting against the proposed banquet to be given for members of the militia, was adopted: Whereas, it is announced in the papers that a resolution has been adopted by the members of the militia that public recognition be given their services in the strike zone, to be paid for by public subscription among our business men; and Whereas, for the last 15 years the Colorado National guard has been used solely in the interest of law-defying corporations to plunder and oppress the workers and their families; and We are to the "militia" ever the drunken, brutal, uneducated, unprincipled and cowardly criminals, persecuted by the militia in the field have been particularly atrocious; therefore, be it Resolved, by the Colorado Springs Federated Trades council, representing practically all the workers of this community, that we do solemnly protest against this farcical procedure.

Luther Burbank Says

"ONE of the causes of lack of success in starting flower seeds is planting too deep. The general rule is to cover the seed a little more in depth than the diameter of the seed; this is for moderately moist climates. In dry climates it is necessary to plant them deeper, but small dry seeds cannot push up through much weight of dirt."

This is an excerpt from "How to Plant and Raise Flowers," a pamphlet written by Luther Burbank himself, containing most valuable information about the planting and the raising of flowers. We will be glad to give you a copy with every \$1.00 purchase of original Luther Burbank seeds. The price of most of these seeds is 10 cents a package. There is only one place in this city where you can buy them from us, exclusive representatives of the Luther Burbank Company, sole distributor of original Burbank Horticultural Productions. Come in today and look over many varieties of original Luther Burbank seeds we keep in stock.

Imperator Arrives With Boats Missing

NEW YORK, March 19.—The steamship Imperator arrived from Hamburg today after the roughest voyage of her career. The port wing of her giant eagle figurehead was gone and four life boats were missing from the davits, having been carried away by a wave on the night of March 13. Driven by a gale of hurricane force this sea struck the Imperator when she was about 400 miles from the English channel and caused great damage on the forecastle deck. The hurricane lasted 24 hours.

FELS MILLIONS GO TO WIDOW AND SECRETARY

PHILADELPHIA, March 19.—The entire estate of the late Joseph Fels, millionaire and single tax advocate, is left to his widow, with the exception of \$50,000 willed to Walter Carter of Middleborough, Yorkshire, England, as a token of appreciation of his fidelity to the cause. As a result, the Carter was Mr. Fels' secretary. No mention of Charles Fels' private life.

Some of Rarest Books in World Are Among Huntington Purchase

NEW YORK, March 19. Some of the rarest books in the world are included in the 4,000 volumes purchased by Henry E. Huntington of New York from the library of the Duke of Devonshire. It was learned today. Among the volumes acquired were 26 from the press of William Caxton, four Shakespeare folios and 50 quartos and a collection of sixteenth and seventeenth century English plays which the British museum was anxious to obtain. Confirmation of the sale by the Duke of Devonshire was contained in London cable dispatches last night which stated that the money was to be used to meet the heavy burden of death duties.

COL. GOETHALS BOOKED FOR FUTURE REWARDS

WASHINGTON, March 19.—Rewards for Colonel Goethals and other officers, who were captured by the Panama canal, will be voted by the House of Representatives and a house committee. Bills to make Colonel Goethals a major general and for other rewards are pending. Chairman Ray of the militia, education and reorganization committee, and Keck were today named by the house to see the president.

95,000 OUT OF WORK IN NEW YORK NOW

Mann's Figures of 890,000
 Unemployed in City
 Are Corrected

NEW YORK, March 19.—Reports just submitted to Mayor Mitchell by police captains in every precinct of New York city, showing there are 95,000 persons out of work, are in direct contradiction to the statements of Representative James R. Mann made during a debate in Washington, that the number of unemployed was 890,000. Mr. Mann's figures, he explained, were based on reports from charitable institutions. Cursory investigations failed to substantiate these figures, but there continued to be such a demand for a remedy of the alleged evil that the bureau of labor at Washington decided to obtain authentic figures and Mayor Mitchell was asked to have a canvass made of the city of New York in an effort to determine the real situation. The task required two weeks and during its progress policemen called at every home in the boroughs of the city. While the number found to be out of employment is far less than the estimates made by many authorities, it includes what are known as "seasonal workers." The report also includes the transient trades such as valet, circus and theatrical employees and others engaged in similar vocations.

Vote of Censure for British Government Is Proposed by Law

LONDON, March 19.—A vote of censure on the British government was moved today in the house of commons by Andrew Bonar Law, leader of the opposition. It was based on Premier Asquith's refusal on Monday to give details of the home of local option by which the nine counties of Ulster would be permitted to vote separately on the question of the new Irish government. The leader of the opposition of 21 to give a guarantee that if the government would take a referendum of the United Kingdom on the home rule bill and local option proposal, the same would be in both the house of lords and in the house of commons would place no impediment in the way of carrying out the will of the people. Sir Edward Carson, the Ulster unionist leader, backed up Mr. Law's offer by saying that if the premier was prepared to give him a definite offer of a referendum he would accept that decision.

Irish Girl Will Take Long Auto Trip

PUEBLO, March 19.—Miss Clara Crews, youngest daughter of C. W. Crews, millionaire Pueblo merchant has decided to undertake one of the longest and most hazardous automobile trips ever attempted by an unaccompanied woman. Miss Crews is a senior at a college for young women in the suburbs of Philadelphia and has decided to motor overland from that city to Pueblo. The trip will be undertaken upon the completion of her school term in June. Miss Crews has invited several of her class mates to accompany her and spend the summer at the palatial home of her parents in Pueblo, but whether they accept or not, she says she will undertake the journey. Miss Crews is an ardent motorist, being seen throughout the summer months at the wheel of her father's big six-cylinder car. She has motored not only through America with her family, but through a large part of Europe, as well.

GEN. MURRAY REFUSES REQUEST FOR TROOPS

SAN FRANCISCO, March 19.—"Unless Governor Johnson can show me a more pressing need for troops on the Lower California border than is now apparent, I shall send no soldiers there from here," said Major General Arthur Murray, commanding the department of the Pacific today. When Governor Johnson asked President Wilson for troops at the request of southern California towns, excited by the murder of Postmaster Johnston at Tecate, Cal. by Mexican bandits, the request was referred through the war department to General Murray. Conditions on the border, the general believes, are today pretty much what they have been for the last two years. "The main trouble is," he said, "that the border towns lack peace officers so they ask the national government to protect them."

EDITOR'S SON GETS PAPER; \$100 LEFT EACH REPORTER

BUFFALO, N. Y., March 19.—By the will of the late Edward H. Butler, offered for probate in surrogate's court today, Edward H. Butler, the son, is given six-tenths of all property connected with the Buffalo News, founded by the testator, and sole control of the publication. The will, which was executed February 28, 1914, is one of the latest documents of the kind ever filed in the Erie county surrogate office. Every charitable institution in Buffalo receives a legacy, the amounts ranging from \$1,000 to \$5,000 and totaling about \$100,000. All the reporters on the News who have been in the employ of the paper three years get \$100 each.

The Moyer Case and More Quotations from Colorado Democratic Platforms

State Administration Now Out-Peabodying Peabody.

Men and Women Held Incommunicado and Denied Counsel.

In Sunday's papers we quoted the Colorado Democratic platforms of 1904 and 1906, denouncing the Moyer decision rendered by Judges Gabbert and Campbell as "infamous." Those platforms declared that the decision was rendered as "the price paid for the contributions of corporations to the campaign fund of the Republican party." In those 1904 and 1906 platforms the Democratic party pledged itself to overthrow the Moyer decision, and Governor Ammons ran for office in 1904 and 1906 on those platforms. We now call attention to the platform of 1908. The truth is that the Democratic party has never made a campaign in Colorado since the "infamous" Moyer decision, without denouncing that decision and its author, Judge Gabbert. In every election the Democratic party has rallied the working men to its standard by declaring that it was opposed to the Moyer decision.

In 1908 four Supreme Judges were to be elected. The Democratic party, to secure those offices, made the Moyer decision again its war cry. A direct attack was made on the Supreme Court. Listen to this plan in the 1908 platform:

"We confess with humiliation that the majority of the highest judicial tribunal of this state has forfeited the confidence and respect of the people of Colorado and of the contemptuous criticism of the people of other states. We ask the support of the voters for the election of judges of the Supreme Court who will administer equal justice without fear or favor."

On this platform denouncing the Moyer decision, the Democrats nominated S. Harrison White, Morton S. Bailey, W. A. Hill and George W. Musser for Judges, and Shafroth for Governor. The Republican state convention accepted the gauge of battle thrown down by the Democrats. Its plank read:

"We condemn the outrageous attack upon the Supreme Court by the Democratic platform. We appeal to the people to maintain the present exalted standard of our highest tribunal by electing the Republican candidates for Supreme Court."

A terrific campaign followed. All over the state went the Democratic candidates denouncing Judge Gabbert. One of the present Democratic Supreme Judges, in a public address, said:

"To reach our Supreme Court some people go in at the front door, some go in at the back door, and John Walkron (who got the court to decide that Moyer could be held by Governor Peabody indefinitely) jumps in through the window."

The leaders of the Democratic party appealed to the working people to stand by Judge Steele in his dissenting opinion in the Moyer case. Governor Adams, in a letter to the Rocky Mountain News, said:

"Our Supreme Court has lost the confidence of a vast number of our citizens. * * * The four judges on the Democratic ticket should be elected. Those men, in conjunction with Judge Steele, will be a majority."

The Rocky Mountain News said editorially:

"They can nominate and elect four men like Judge Steele, or they can nominate and possibly elect four men like Gabbert. Which will they do? The Democrats of the State have execrated Gabbert for years and they have venerated Steele."

The county Democratic platforms followed the lead of the state platform in denouncing the Moyer case. A fair sample is the Teller county platform, which read:

"We express our profound respect and gratitude to Chief Justice Robert W. Steele, who has ever stood like a stone wall against every assault upon liberty and law."

The working men rallied to the Democrats, who promised to overthrow the Moyer decision, and four Democratic Judges took their seats, pledged to stand by Robert W. Steele, whose bold stand for liberty was the campaign rallying cry.

The Rocky Mountain News the day after the election said:

"The People have elected four judges to stand with Robert W. Steele, and those judges must see that they take and keep that honorable position. The Supreme Court has been a hissing and a byword among the commonwealth for many years. The redemption has come none too soon, and it must be made a thorough redemption. * * * The victors must show that they deserved victory. The promises made must be kept in letter and spirit. If this be done, then the Democracy of Colorado will go on from victory to victory, and from strength to greater strength."

Now let's turn from the promises of the party to their fulfillment (?). Men and women have been held incommunicado for months at Trinidad by Governor Ammons and his Chief Lieutenant, EDWARD J. BOUGHTON, A PEABODY REPUBLICAN CRIPPLE CREEK POLITICIAN. When habeas corpus suits are brought, Governor Ammons lets this Peabody Republican go into court as the representative of the militia and, quoting the execrated Moyer decision, asks the court to deny innocent people their liberty on habeas corpus. A dozen men are now held by Ammons incommunicado.

The Moyer decision, denounced by the Democratic party in every campaign, has suddenly become the idol of the State Administration, and the chief mouthpiece of the Administration is a Republican politician. How comes this?

WHAT THINK THE DEMOCRATS OF THE STATE OF THIS BETRAYAL OF PARTY PLEDGES?

PEABODY NEVER HELD PEOPLE INCOMMUNICADO. AMMONS DOES. PEABODY NEVER DENIED COUNSEL TO PRISONERS. AMMONS DOES.

If anyone believes that the working men and women of Colorado are not awake to the situation he should speedily undeceive himself. They have not forgotten the ringing opinion of Judge Steele wherein it is said:

"IT (the Moyer opinion) ESTABLISHES A PRECEDENT THAT IS SO REPUGNANT TO MY NOTIONS OF CIVIL LIBERTY, SO ANTAGONISTIC TO MY IDEAS OF A REPUBLICAN FORM OF GOVERNMENT, AND SO SHOCKING TO MY SENSE OF PROPRIETY AND JUSTICE, THAT I CANNOT PROPERLY CHARACTERIZE IT."

WHERE STAND THE DEMOCRATS OF COLORADO?
 ARE YOU NOW WITH JUDGE STEELE OR GABBERT?

Tomorrow Will Be "Orange Day"

This year California has grown the finest quality and largest crop in the history of the orange industry. To fitly celebrate the event growers have selected tomorrow (March 21st) as California Orange Day. Never have these incomparable oranges been so plentiful and so low in price.

Special Trainload, Fresh from the Orchards Here Tomorrow!

To popularize this day the 6,500 growers, comprising the California Fruit Growers Exchange, have picked the very finest fruit, and these superior oranges are now on sale at all retail stores.

Special trainloads of these golden-tipped oranges have been shipped in refrigerator cars direct from the groves to your city, that you may enjoy the orchard bouquet and flavor undiminished.

Don't miss your orange day treat. Every Dealer Will Have Them

Oranges for Health

Doctor Harvey W. Wiley, the greatest authority on pure foods and dietetics in the world says: "Eat oranges; eat them in winter, eat them in summer; they are better for you than physic."

In an interview, Dr. Wiley says: "Oranges are excellent for people. It is good to eat oranges for breakfast, and also for dinner—not from a medical, but an anti-medical standpoint."

"Both oranges and lemons ought to be used freely."

"Note that I do not say 'Eat an orange for breakfast', but rather, 'EAT ORANGES'."

FREIGHT RATES IN THE WEST MAY BE READJUSTED SOON

DENVER, March 19.—A movement to secure a general readjustment of freight rates for the plains and Rocky Mountain states west of the Mississippi river will be launched here April 1 at a conference of representatives of commercial bodies from seven western states. A bill for the conference is being introduced today by the committee of the Denver chamber of commerce headed by former United States Senator Thomas M. Patterson. Other officials in cities in Colorado, New Mexico, Wyoming, Utah, Idaho, Nevada, Nebraska and Kansas City, Mo., will be represented.

The call contains the comment of the Interstate Commerce Commission on its recent decision in the so-called Denver rate case that "no permanent rate can be secured until there is a general readjustment of rates."

Called for the same date as the conference of western governors, it is no plan to interest the state executives in the movement.

The members of the committee are: Senator T. M. Patterson, Colonel D. Dodge, W. A. Hoyer, R. H. Hardin, G. H. Denton, A. J. Zint, A. B. Pratt and J. P. Dunn.

Prince William of Sweden and Wife Granted a Divorce

STOCKHOLM, March 19.—The council of state has approved the decision of the consistory court granting a divorce in the case of Prince William of Sweden and his wife, Maria, who has been known as the Grand Duchess Marie Pavlovna of Russia, and has declared the marriage dissolved.

In the petition for divorce, incompatibility of temperaments was given by both the prince and the princess as the ground for their appeal.

New action for the dissolution of the marriage was last November. The couple was married in 1906, and, on account of alleged domestic troubles, the prince separated from her husband.

CHICAGO UNIVERSITY GIVEN MILLION IN 1913

CHICAGO, March 19.—Donations to the University of Chicago during the past year amounted to \$1,973,222, according to the annual report of President Harry F. Johnson which was made public today. The university's investment in real estate and equipment now amounts to \$1,066,480. The endowment of the university is \$18,000,000 which is invested in stocks, bonds and mortgages.

President Johnson's report announced that three new buildings will be erected on the campus within the next year. One of the buildings will be an addition to the University High school group, another will house the students' laboratory and the third will be used for the teaching of foreign languages.

W. G. YOUNG, WELL-KNOWN IOWA EDITOR, IS DEAD

CECIL RAPIDS, Ia., March 19.—William G. Young, managing editor of the Cedar Rapids Gazette and one of the most prominent newspaper men in Iowa, died at his home here early today. He had been ill since last Sunday.

Mr. Young died of a complication of heart and kidney trouble. He was 45 years old and had been connected with the Gazette in various capacities for 25 years.

The funeral will be held Saturday at 2 p. m.

Ministers Will Spread Peace Gospel Through World Sunday, May 17

NEW YORK, March 19.—The first concerted move by the Church of Christ, founded by Andrew Carnegie, was outlined today by the Rev. Frederick Lynch, secretary of the union. Lynch said the executive committee had decided to arrange with 40,000 or 50,000 ministers of all denominations throughout the country to preach on the peace gospel on May 17, the Sunday before Good Friday.

Ministers will be asked to advise on the occasion the "first of third of May" since conference at The Hague.

It was also decided to arrange for a world church peace conference in a European city during the coming summer. Mr. Lynch said the committee had written ministers of Switzerland, inviting them to extend their conference of churches of Europe to embrace a participation in the Carnegie union.

TAKES OFFICERS TO HOUSES HE BURGLARIZED

NEW YORK, March 19.—After his arrest on a charge of burglary, committed in an upper side apartment house, Joseph Cardone, 16 years old, today accompanied detectives when he took them to several of the 21 houses he said he had broken into within the last three weeks. By means of pawn tickets all his loot, totaling more than \$3,000, was recovered.

JEFFERSON CITY, Mo., March 19.—Plans for the Missouri building at the Panama-Pacific exposition at San Francisco were today forwarded to the exposition authorities for approval after having been formally approved by the state commission headed by Governor Major, which has the building matter in hand. The building is to be of stucco and its cost will be \$42,000. It is to be colonial in architecture, and will resemble Mount Vernon, home of Washington.

A complete library of Missouri authors will be contained in the structure. An auditorium for lectures and moving pictures, where the resources of Missouri will be told of and shown will be a part of the building.

OFFICER OF BRITISH AVIATION CORPS KILLED

SALISBURY, Eng., March 19.—Another officer of the Royal Flying corps of the British army was killed here today. Lieut. H. F. Treby of the Duke of Wellington's West Riding regiment, was flying in a biplane over the army aviation grounds when the machine side-slipped and fell to the earth from a height of 750 feet.

MYSTERY OF MISSING BOY STILL IS UNSOLVED

PHILADELPHIA, March 19.—The mystery surrounding the disappearance of seven-year-old Warren McCauley is today as complete as when the boy was first missed from his home a week ago. An almost ceaseless search by his

Calls for Water Leads to Rescue of Man in Ruins

ST. LOUIS, March 19.—The call for a drink of water early today led to the rescue of a man from the ruins of the St. Louis Bond company's building, 27 hours after the structure collapsed under the weight of a fallen wall. Burke died at the city hospital several hours after being taken from the ruins.

The seed company building was demolished when one of the walls of the Missouri Athletic club fell on it. The "Missouri Athletic club building was destroyed by fire 16 days ago with a loss of \$30,000.

Rescuers, who had been digging in the ruins all night, were looking to locate a body when they were assisted by Burke's call for help.

After the force of 30 men had worked for half an hour, they found Burke pinned under a section of flooring. He was taken from the ruins and rushed to the city hospital.

After Burke was found the body of an unidentified man, bringing the total dead found to six.

Plans for the Missouri Building at Exposition Are Forwarded to Frisco

JEFFERSON CITY, Mo., March 19.—Plans for the Missouri building at the Panama-Pacific exposition at San Francisco were today forwarded to the exposition authorities for approval after having been formally approved by the state commission headed by Governor Major, which has the building matter in hand. The building is to be of stucco and its cost will be \$42,000. It is to be colonial in architecture, and will resemble Mount Vernon, home of Washington.

A complete library of Missouri authors will be contained in the structure. An auditorium for lectures and moving pictures, where the resources of Missouri will be told of and shown will be a part of the building.

AGRICULTURISTS OF THE ARKANSAS VALLEY TO MEET

FURNACE, March 19.—One of the largest meetings of agriculturists of the Arkansas valley held in a long time will open at Fowler, March 21. At that time virtually every point in the valley, in Colorado where gardening is followed, will be represented.

W. O. Skinner of Pueblo, general agent of the Santa Fe railroad, is the originator of the idea for the formation of a central organization by the farmers. The different smaller clubs and

organizations will form a larger body which is expected to secure big advantages for the growers.

It is considered that better marketing conditions and higher prices can be procured for the growers through the organization that will be formed at this meeting.

BURLINGTON, Ia.—The body of John H. Janke of Sherrard, Ill., was found floating in the river here yesterday afternoon. It was identified by papers found in the clothing. Janke disappeared November 24, 1913.
